

Please help with our Conservation Work
Between 2:30 and 4:30 pm
Sunday 24th February

At Blythewood Local Wildlife Heritage Site

off Langdale Drive, Nash Gardens and Jones Corner SL5 8QT

Please join us to make a difference
to this woodland area.

We will be litter picking and reducing
ivy on the ground to make space for
other plants to grow.

Wear sturdy shoes, “gardening clothes” and bring thick gardening
gloves if you have them. Wellington boots are recommended.
Secateurs and/or a rake or fork would be useful tools to bring.

Meet at 2:30 pm by the play area or find us in the woodland later.

Part of the Kingfisher Flyway Project
Improving Blackmoor Stream and nearby for wildlife
including kingfishers

LOTTERY FUNDED

Wildlife in Ascot

Working to fulfil the Neighbourhood Plan's biodiversity project objectives
