TABLE OF CONTENTS

The following are included in this report:

General Information:

- Terms & Conditions
- Further information

Protected & Notable Species Information:

- Summary table of legally protected and notable species records within 2km search area
- Summary table of invasive and non-native species records within 2km search area

Designated Wildlife Sites Information:

- A map of designated wildlife sites within 2km search area
- Descriptions/citations for designated wildlife sites

Habitat Information:

- A map of Section 41 habitats of principle importance within 2km search area
- A list of habitats and their total area within the search area

TERMS AND CONDITIONS

Data-related terms:

- The information supplied will not be put to any other use beyond the project for which it is requested, nor communicated to any person other than those directly involved. No data supplied will be uploaded to the NBN Gateway/Atlas.
- TVERC will be clearly acknowledged when data is used in reports or other documents. This should state “Data provided by Thames Valley Environmental Records Centre” and should be included with any lists of species or maps of sites or habitats.
- The data in the report can only be used for the project for which it was requested. It cannot be passed on to third parties without permission of TVERC (this excludes reports presented to clients and Local Authorities).
- While every effort is made to ensure the accuracy of the data, TVERC bears no legal responsibility for the accuracy or comprehensiveness of the data provided and accepts no liability for indirect, consequential or incidental damages or losses arising from use of the data.
- The absence of species or habitat information for any area or location does not necessarily imply such species or habitats are absent; they may simply be unrecorded.
- Information supplied in a GIS data format will be subject to a data licence with additional terms and conditions.
- The copyright of the report and the information provided is retained by TVERC.
- The copyright for some of the species data will be held by a recording group or individual recorder. Where this is the case, and the group or individual providing the data is known, the data origin will be given in the species table.
- The data should be considered valid for a maximum 12 months from the date on the cover of this report. If the data is to be used after that time an update should be requested.
- The data must not be added to any permanent database system.

Maps

To reproduce the Ordnance Survey mapping you must hold a relevant licence for the use of Ordnance Survey mapping or it can be copied at a printers or copyshop that holds a licence to carry out search work (see the Ordnance Survey website).
